Profile

I am an ambitious and dedicated graduate in Mathematical Science with majors in Statistics and Computer Science. Skilled in a range of programming languages, with hands-on experience in web development, I am comfortable with various hardware. Throughout my career, I have gained experience in developing responsive web applications and collaborating with cross-functional teams to deliver solutions that meet organizational goals. Committed to continuous learning, innovation, and contributing my technical, communication, and problem-solving skills, I aim to drive meaningful solutions that benefit an organization's stakeholders in the evolving landscape of digital technology.

Professional Experience

2024 – present
Pretoria, South Africa

Front end developer

Softidoc

- Developed and maintained responsive web applications using Vue.js
- Created reusable components and managed state with Vuex and Pinia
- Collaborated with designers to implement user-friendly interfaces
- Optimized web performance and ensured cross-browser compatibility
- Integrated RESTful APIs for dynamic data handling
- Contributed to agile development practices through daily stand-ups and sprint planning
- Managed deployment processes using Git and CI/CD pipelines
- Developed Progressive Web Applications (PWA) to enhance mobile user engagement and offline functionality

Education

2023

BSc Math and computer science

University of Limpopo

2017

Senior certificate

Rietondale High School

Skills

Vuejs

ReactJs

React Native
